FAQ

How do I send an inquiry?

↓

My company is on Pharmaoffer, I don't know who manages our account.

↓

How much does an account cost?

↑

Pharmaoffer is, and will always be, free for buyers. They can search, compare, **download certificates** and brochures and send unlimited requests to API suppliers.

Note: If a supplier isn't responding, it might mean they haven't fully set up their Pharmaoffer account. In this case, our team will reach out to you to assist you and explore alternative options.
